HEADTEACHER'S WELCOME

Jacqueline Cornell

Thank you for your interest in joining the Sixth Form at Stratford Girls' Grammar School. As one of the best state schools in the country, we offer each and every one of our students the opportunity to achieve well and to work with us to shape their future.

Stratford Girls' Grammar Sixth Form enables bright students to be the people they want to be through a plethora of opportunities linked to the curriculum and beyond. We offer an outstanding sixth form experience based in a unique space as part of an exceptional school. You will find that staff and students alike are excited to showcase to you what we do best, and why time and again we are recognised as a top performing school for A-level results in Warwickshire and nationally.

Our Sixth Form curriculum is unashamedly designed to mould and support future aspirations. Our offer enables a personalised journey to where a student set their sights - the very best university places, apprenticeships and employment options in the world. As a result, in addition to the choice of academic A-level subjects, every student has access to a broad wrap-around programme, including stretch and challenge courses alongside varied careers and enrichment opportunities. All of which sets up our young people for the world of work and being global citizens.

The presentations we have scheduled for you tonight will provide you with a comprehensive look into our ever popular Sixth Form and a sense of why Stratford Girls Grammar is one of the top places to study A-levels in the UK.

Have a good evening!

HEAD OF SIXTH FORM

Suzanne Griffiths

As Head of Sixth Form, I would like to extend a warm welcome to you. It is a privilege to lead such a dynamic, ambitious Sixth Form and I am confident that you will all leave tonight with a firm belief that we offer the best learning environment for young people studying for their A-levels.

Our results are outstanding, and speak for themselves. Our UCAS offer rate is exceptional, and through individualised guidance, some of our students are also supported to success at conservatoires, drama school and higher-level apprenticeships. But the SGGs Sixth Form experience is more than academic results. We take a keen interest in who you are as a person, and where your ambitions lie; this is mirrored in our extensive extra-curricular offer as part of our timetabled enrichment programme. We have an equally impressive Careers Guidance programme, which includes visiting professionals from a wide array of industry sectors, offering advice and expertise, to fully prepare you for the future.

The Sixth Form journey is one of empowerment and my role is to support and guide you through this important phase of your life. It is also to challenge you; to ensure that you leave us as the very best version of yourself, with an astounding array of taken opportunities, genuine lifelong friendships, a clear idea of where you want to go and the academic results you need to get there.

I look forward to working with you and your family, and welcoming you to the SGGs Sixth Form Community: a hub of ideas, aspirations, celebrations and success.
