

Curriculum Enrichment

Our broad and balanced curriculum is based on the principle that you learn best when you are relaxed and happy. In addition to work experience or volunteering each week you will therefore have the chance to choose your own enrichment programme.

We anticipate the following Enrichment activities will run for Years 12 and 13 from September:

- **Book and Film Club** – if you love to read and watch movies, why not combine your passions in our club? It's a great way to meet like-minded people and expand your literary horizons.
- **Dance Fitness** – a fun, relaxed environment where you can really let your inhibitions go, get the results you want, learn some sassy moves and make some great friends.
- **Gym use** – reach your own personal targets through supervised use of our very own well-equipped professional gym.
- **Languages for fun** – start from scratch or further develop your language skills through books, films and role play. We expect this to be Spanish for September 2016 but let us know if your language interests lie elsewhere.
- **MOOCs** – the chance to undertake an accredited online course of your choice: from Astronomy to Virtual Reality Gaming.
- **Robotics** – work as a team to build and programme your very own robot.
- **Sport for fun** – make new friends and keep fit through fun team sports such as badminton and bench-ball.
- **Sing for fun** – raise your voice as part of this student-led choir. No audition necessary, just a joy of singing and a willingness to get involved!
- **Student Survival Cookery** – worried that your repertoire doesn't stretch past toast? This teacher-led group will teach you how to plan and cook delicious, nutritious meals on a budget. (There may be a few cakes too!)
- **Yoga** – maintain flexibility and reduce stress through weekly yoga classes with a qualified instructor. (A small charge will apply for this club).
- **Young Enterprise** – think you can beat the success of recent Shottery Sixth Form teams who have won 'Best Product' and 'Best Company' in the regional heats and are now going on to the National Young Enterprise Finals? Then this group is for you! Not for the faint-hearted, this is a year-long commitment.

We are also open to any ideas that you want to pursue, so if there is something that you really enjoy doing and would like to continue as part of your enrichment, please do let us know!
